WHY ONE-STOP WORKS

**One point of contact**

Sourcing, coordination and cross-supplier communication, handled.

**Lower project risk**

One supply chain, one accountability, fewer handoffs.

**Faster to market**

Components arrive matched to your pen, dose and branding.

**Full traceability**

Certifications (CE, ISO 13485, GMP) documented per component.

Waytop is a wholesale supplier of injection pens and related components. Regulatory market entry, local certifications and compliance are the buyer's responsibility. Waytop does not sell into markets where a given model is subject to an existing authorized distributor or patent.

Specifications are subject to change without notice. Certifications and dimensions are based on current production standards. Intended applications and all clinical statements are determined by the final registered labeling for each market.
